The Embassy of the Republic of Korea presents its compliments to the Ministry of Public Health of the Kingdom of Thailand and has the honor to inform the latter that the Ministry of Health and Welfare of the Republic of Korea is going to host the 2021 Medical Korea Academy Online Training Program (MKA e-class) from 1 June 2021 to 16 July 2021 (6 weeks).

The MKA e-class is an online clinical training program launched in response to post-corona world for any interested medical practitioners, medical students, and government officials working in a healthcare related field. The program leaflet from the Korea Health Industry Development Institute (KHIDI) is herewith attached for the latter's reference.

In this regard, the Embassy would highly appreciate it if the Ministry could kindly circulate the information on the MKA e-class program to the relevant authorities under the Ministry. Interested officials and staff may register for the program by completing the attached MKA e-class Application Form and MKA e-class Personal Information Consent Form and submit to mkaglobal@khidi.or.kr and tomkaglobal@khidi.or.kr, respectively, by 30 April 2021.

The Embassy of the Republic of Korea avails itself of this opportunity to renew to the Ministry of Public Health of the Kingdom of Thailand the assurances of its highest consideration.

MKA e-class Application and Approval Procedure

MKA e-class PERSONAL INFORMATION CONSENT FORM

(Please fill out the form below. Sign, scan and return it to mkaglobal@khidi.or.kr)

Korea Health Industry Development Institute (KHIDI) requires your consent for collecting and using personal information to assess your application under the Article 15(1)1, 17(1), and 24(1)1 of the Personal Information Protection Act.

Purposes of collecting and using personal information

- Manage applications and enable applicants to sign in to the program.
- Provide services for the training program.
- Analyze performance and improve effectiveness of the training program.
- Preserve evidence for selecting trainees.
- Verify the training history and recommend related services that might be of interest to trainees.
- Utilize the information for MKA e-class statistics.
- Communicate with the trainees via different channels (e.g. e-mail).

Information to be collected and used

General information: first name, last name, contact information (e-mail), date of birth, gender, nationality, profession, affiliate, medical license, name of the applying courses, initial access to application information.

Information retention period: 5 years

Right to Disagree

You may disagree with the collection and use of the personal information. However, if you disagree, you may not be allowed to sign in to use our services.

I agree with the terms and conditions
